Mango-Pineapple Sorbet

Mangoes and Pineapples, both known for their vibrant colors and sweet flavors. However, they are usually found on opposite sides of the world. Mangoes originate in northeastern India and the surrounding countries. As for pineapples, the majority are grown in Latin and South America.

Bringing the world together in a perfect blend of mango and pineapple, Bonji has led the way for new flavors to implement onto your menu. Perfect for a refreshing smoothie bowl, or a texture enhancing smoothie ingredient.
